[Forks Over Knives - Goodreads](#) [Share book ...](#)

This book is the companion book for the film: Forks Over Knives; it works fine as a standalone book. The film is specifically mentioned in a paragraph at the end of the book and it's clear from the beginning of the book that a documentary film exists. I haven't seen the film yet, but I do want to see it. I knew about the film long before I knew about this book.
