What does Full Free Lift mean? - Bendigo Mitchell

What does Full Free Lift mean? 'Free Lift' refers to a forklift truck's ability to lift its forks without raising the masts. This is particularly useful when operating within tight height restrictions 'Full Free Lift' (often abbreviated to FFL) means the forks can be lifted to the top of the first stage of the mast without the mast raising, while Part Free Lift means the forks can be lifted.

[FREE DOWNLOAD] Forklift Checklists -

SafetyCulture

Forklift inspection checklists can be used by inspectors or forklift operators to check if forklifts are in good working condition before the shift starts. Forklift daily checklists can be used in warehouses, factories, shipping yards, and other workplaces to help reduce the risk of workplace deaths and injuries caused by forklifts and industrial trucks.
