[Pool Eyeball Fittings - Direct Flow and Improve Water ...](#)

Water flows through their hollow interiors and returns to the pool through a discharge opening that directs the water in a desired flow pattern within the pool. One of the most common causes for cloudy water in a pool is the misplacement of the return inlet eyeball fitting that sends the filtered water back into the pool. Multi-speed pumps could also contribute to the problem of inaccurate pool return eyeball | eBay

Find great deals on eBay for pool return eyeball and pool return jet. Shop with confidence.

[Replacement Directional Eyeball Fittings from PoolCenter.com](#)

Pool directional fittings, aka pool eyeball fittings, are used to direct the flow of water entering the pool through the pool return. In general, a circular flow pattern is best, with deep end returns sweeping filtered water through the deep end. Other returns can be set to create a slight surface ripple, to encourage leaves to move closer to the skimmers. Pool eyeball fittings are sized to
