#### **Defining Leadership | Boundless Management**

First, leadership emerges from the combined influence of multiple traits, as opposed to coming from various independent traits. In other words, Zaccaro argues that effective leadership is derived from an integrated set of cognitive abilities, social capabilities, and personal tendencies, with each set of traits adding to the influence of the other. The second premise suggests that leadership

#### **Leadership Skills for Nurses - Nursing Times**

extend the profession's influence over healthcare in the UK. It has called for nurses to take centre stage in health leadership and policy making, while retaining traditional caring skills rooted in compassion . While leadership skills can develop organically, if they are to be applied effectively they need to be focused. It is impractical to expect the NHS to fund leadership
